MERN REPORTS

CALL FOR SUBMISSIONS 2017-18

MERN Reports are two page summary descriptions of collaborative teacher inquiry initiatives taking place in Manitoba classrooms. Submissions should describe the quest (your inquiry question); activities (might include visiting other schools, talking with other teachers, and what you tried in the classroom); learning (about teaching and learning; and, closing comments (this is a grab bag for anything you want to talk about that doesn't fit else where so that any of the following could be included here - challenges and successes, now what, concluding statements, and important personal anecdote, a key idea or action – in other words, you have latitude to include what you want here).

MERN is grateful to Paul Betts for editing and formatting the *MERN Reports* for digital publication at www.mern.ca. Any questions regarding your report content and /or writing process may be directed to p.betts@uwinnipeg.ca.

MERN REPORTS SUBMISSION

Information Required

Title

Author (s)

100 word bio and headshot

Affiliation and Contact Email

2 Page Report

Paper (Text that is 2 pages in length double spaced, reference list, APA 6.0 style, pictures to be used with permission)

**You may respond to this call by sending you submission to
heather.hunter@mern.ca.**
